

# Kurt Madsen

Solve problems, organize ideas, and find connections.

## EXPERIENCE

### Design System Manager/Senior UX Designer

MasterControl, Inc. — *Salt Lake City, Utah*

OCTOBER 2021 – JUNE 2026

Manage a complex, cross-platform design system for a suite of SaaS-based software products. Coach and consult with designers on the strategic use of design system components, coordinating across Product teams and with developers thru to implementation. Use Claude Code to iterate on updates to coded components and live docs and fill lingering design and interaction debt in live products.

### Content Engineer/Content Modeling Strategist

The Church of Jesus Christ of Latter-day Saints — *Salt Lake City, Utah*

OCTOBER 2019 – OCTOBER 2021

Create and maintain a complex system of content models for standardizing content across multiple languages and formats. Help analyze and build semantic connections across a large body of content.

### Senior UX Designer

The Church of Jesus Christ of Latter-day Saints — *Salt Lake City, Utah*

NOVEMBER 2014 – OCTOBER 2019

Built and maintained internal knowledgebase for design documentation. Worked on a team to research, design, and build a design templating system. Created content strategy plans for the web.

### User Experience Designer

Rakuten MediaForge — *Salt Lake City, Utah*

MARCH 2014 – OCTOBER 2014

Designed human-readable client reports. Developed UI style guide. Planned and designed new internal apps and dashboards. Organized an unruly product catalog.

### Design Team Lead & UX/Interaction Designer

The Backplane — *Palo Alto, CA*

NOVEMBER 2012 – JANUARY 2014

Worked with a small, focused product team to design, plan, document, and coordinate a complete overhaul of the core UI used by nearly 1M users. Built wireframes and interactions for both iOS and web. Wrote specifications and documentation.
